Re: Second Request for Extension of Time for Review of Reclamation Surety Estimate for
Nielson Sandstone Quarry, Ash Grove Cement Company, M/023/012, Juab County, Utah

Dear Mr. Crutchfield:

On April 1, 2003, we received your letter requesting another 30-day extension to submit the information needed for the Division to perform the required five year review of reclamation surety for the Nielson Sandstone Quarry. You have explained that EarthFax Engineering is nearly completed with the revised mine plan for this site, which contains the required information. You will submit the information as soon as your review EarthFax's plan. The Division grants your final extension request and anticipates receiving the plan for our review on or before May 5, 2003.

Please contact me at (801) 538-5286 or Doug Jensen at 538-5382 if you have any other concerns regarding this extended timeframe.

Sincerely,

Doug Jensen
Senior Reclamation Engineer
